For further information on safety for transport, storage, handling, and disposal, please read safety data sheet. The above mentioned information describes the actual state of our technical knowledge and our experience at the time of printing. They do not exempt the user from carrying out their own tests due to the many localised influences during the application process and whilst working with our products. Neither a legally binding assurance of certain attributes, nor suitability for a specific application purpose can be deduced from the description provided above. Any licenses as well as rules and regulations are to be observed by the recipient and are their responsibility. We reserve the rights to undertake technical modification to our product as well as to packaging. Because of different materials, surfaces and deviating working conditions, there can be no general guarantee of the outcome or adhesion.
